

List of allowed functions for the EIC codes

March 2020

cio-admin@entsoe.eu

X type EIC Functions List

Balance Group Responsible Party

Balance Responsible Party

Balance Supplier

Capacity Trader

Consumer

Coordination Center Operator

Consumption Responsible Party

Grid Access Provider

Grid Operator

Imbalance Settlement Responsible

Information Provider

Interconnection Trade Responsible

Market Operator

Meter Administrator

Metered Data Responsible

Metering Point Administrator

Nomination Validator

Party Connected To Grid

Producer

Production Responsible Party

Profile Maintenance Party

Resource Provider

Storage System Operator*

System Operator

Trade Responsible Party

Transmission Capacity Allocator

LNG System Operator*

Distribution System Operator

Network User*

Platform Operator*

Market Area Operator

Measurement Service Provider

Metering Point Operator

Metered Data Aggregator

* = Valid in the Gas Market

Definitions could be found [here](#)

Y type EIC Functions List

Balance Group

Bidding Zone

Border Area

Control Area

Control Block

Capacity Calculation Region

Coordination Center Zone

Distribution Network Area

ITC*

LFC Area

Local Market Area

Market Balance Area

Market Area

Member State

Metering Grid Area

Scheduling Area

Reserve Sharing Region

* = Valid in the Gas Market

W type EIC Functions List

Capacity Bank

Gas Storage Facility*

Generation**

Generation Unit

LNG Plant*

LNG Terminal*

Load**

Production Plant

Production Unit

Reactance Bank

Resource Object

Storage Plant*

- = Valid in the Gas Market
- **=Functions Generation and Load are only informative and not exhaustive.

T type EIC Functions List

Busbar Coupler

Corridor

Internal Line

Internal Tie-Line

Tieline

Transformer

Compressor Station*

Flow Control Station*

Gas Treatment Facility*

Odorization Facility*

* = Valid in the Gas Market

Z type EIC Functions List

Accounting Point

Metering Point

Connection Point

Virtual Trading Points

Virtual Interconnection Points

V type EIC Functions List

Endpoint

IT-system

IT-topic

Location

A type EIC Functions List

Substation

Passive Node
