- ACER is to publish all non-confidential contributions on its website (in the coming days)
(<https://acer.europa.eu/documents/public-consultations/pc2022e08-public-consultation-amendments-grid-connection-network>)
- ACER-NRAs will analyse and assess stakeholders' input to inform their amendments proposals to the relevant grid connection codes.
- In the course of the evaluation:
 - ACER-NRAs will propose topics for discussion in the framework of ESCs;
 - Dedicated workshops may take place to discuss in detail specific policy areas (e.g. grid-forming capabilities);
 - Where necessary, ACER-NRAs will engage with the stakeholders to seek clarifications or further elaboration.

Electricity grid connection amendment process
