Core Regional Design of Long Term Transmission Rights

Announcement: Publication of Consultation Report for Regional Design of Long Term Transmission Rights within Core CCR

Dear Market Participant,

The public consultation for Regional Design of Long Term Transmission Rights within Core CCR ended on April 10th at 00:00 CEST. The Core TSOs analyzed the received responses and assembled all views in a Consultation Report, available on the ENTSO-E website within the Core CCR dedicated section, as well as on some individual TSO websites.

On April 13th, the Core TSOs submitted the Approval Document to the Core NRAs. This document is available on the ENTSO-E website within the Core CCR dedicated section as well.

The NRAs' approval is expected for October 2017.

Best regards,

The Core TSOs
