Update on submitted methodologies

2

Forthcoming submissions

Update on submitted methodologies/ proposals

Amendment request to the determination of CCRs

- All TSOs' proposal for including the BZ border between BE-GB into Channel CCR
- Process followed in accordance with Art. 9(13) of the CACM
- Proposal submitted to all NRAs in mid-July

Congestion Income Distribution

- Decision on the methodology to be taken by ACER
- Decision expected by October 2017

Update on submitted methodologies/ proposals

Cross-zonal intraday capacity pricing (CZIDCP)

- The proposal has been amended following the comments received in the public consultation
- One pan-European intraday auction (IDA) is currently foreseen to take place at 22:00 day-ahead.
- For those regions who wish to open the date for the ID market before this time (at this stage Nordic and Hansa) , it is allowed to have separate opening auctions.
- Additional changes to the Proposal mainly editorial or due to consistency reasons.
- All TSOs' proposal submitted to all NRAs in mid-August

Update on submitted methodologies/ proposals

Intraday cross-zonal gate opening and gate closure times

- NRAs requested amendments to the proposal in mid-June
- As a first step, a GOT is proposed for each CCR
 - Nordic at 15:00 market time day-ahead.
 - Hansa at 18:00 market time day-ahead
 - Core, Italy North, Greece-Italy, South-west Europe, South-east Europe, Channel at 22:00 market time day-ahead.
 - Ireland and United Kingdom at 18:30 market time day-ahead.
 - Baltic at 18:00 market time day-ahead.
- One harmonised GOT on EU level to be defined at later stage
- GCT is set to 60 minutes before real time for all bidding zone borders with the exemption of the bidding zone border Estonia-Finland (EE-FI)

Forthcoming submissions

Day-ahead and Intraday Scheduled Exchanges Calculation

- The methodologies will most probably have to be updated and re-submitted
- The updated methodologies will be put to public consultation before re-submission
- The exact timings are still to be confirmed due to the link with ongoing tasks (i.e. CID and MNA discussions).

CACM: Overview of all TSOs' tasks

Approved
