# CWE NRAs'

## update on the repeated non-compliance of TSOs with regulatory decisions

MESC

5 March 2019

# Status

- Continuous monitoring (and improvement) process of CWE FBMC with regular meetings with and reporting by CWE TSOs.
- In November 2018, CWE NRAs have initiated a thorough evaluation of the fulfilment by CWE TSOs of the 2015 CPP 15 requests. Acknowledge the progress made on a majority of requests:
  - FTRs
  - D2CF decomposition
  - initial transparency requests, etc.
  - Improvement in capacity domains enabled by the introduction on 20% minRAM since April 2018.
- Process to define precise roadmaps on unfulfilled requirements:
  - Base case improvement
  - Further transparency requests
  - FB IDCC, etc.
- Process towards improvements / prioritization and towards synergies with CORE Region
