System Operation European Stakeholder Committee
21 March 2019

Actions and status

ACTION	ANSWER	STATUS
1. SOGL: ENTSO-E is invited to provide visibility regarding the numbers and the approaches taken regarding the implementation of the LFC block operational agreements and reserve sizing, for example regarding the probabilistic approaches applied in different areas and how those compare to each other.	ENTSO-E will endeavour to collect the data during 2nd half of 2019, after the approval of LFC block operational agreements and after clarifying the exact scope of the request with ACER	Open
2. ER: ENTSO-E will consider if there is a possibility to organize a workshop for further discussion on aspects to allow NEMOs and other stakeholders to inform the discussions on the ENTSO-E guidance and the development of the rules for suspension and restoration of market activities.	A workshop earlier than 7 May 2019 is not feasible	Closed

3. ENTSO-E should collect information regarding SOGL and NC ER implementation and ensure transparency through the Active Library and the monitoring file.	Active library will be extended to allow TSOs to cover also the implementation of SO GL and NC ER, ENTSO-E to report on this 2nd half of the year. The focus is now on pan-European and regional implementation as national requirements in SO GL in many cases represent the status quo	Closed
4. Regional coordination proposals (per CCR): ENTSO-E will look into the feasibility for organizing a stakeholder workshop on the regional coordination topic.	The article 76 proposals of each CCR will be ready for the public consultation at different times. ENTSO-E is consulting the CCRs about their willingness to participate to a potential workshop and will follow up depending on the answers.	Open
