

**Interconnected Network
of ENTSO-E 2023**
(as of 24/08/2023)

Scale: 1:4,000,000

Legend

Lines and cables

- Red line: 380-500 kV transmission line
- Orange line: 220-330 kV transmission line
- Yellow line: 110-150 kV transmission line
- Green line: 50-110 kV transmission line
- Blue line: 22 kV-30 kV distribution line
- Grey line: 10 kV-20 kV distribution line
- Light blue line: 1 kV-10 kV distribution line

Power plants

- Green square: Hydropower
- Yellow square: Coal
- Orange square: Gas
- Red square: Nuclear
- Blue square: Wind
- Purple square: Solar
- Light blue square: Biomass
- Dark blue square: Other

Other elements

- Blue circle: HVDC converter station
- Yellow circle: AC/DC converter station
- Red circle: HVDC back-to-back station
- Green circle: HVDC interconnector
- Blue circle: HVDC converter station
- Yellow circle: AC/DC converter station
- Red circle: HVDC back-to-back station
- Green circle: HVDC interconnector

Power systems

Legend for power systems: France, Germany, Italy, etc.
