

Paddy Hayes
MD, ESB Networks
Co-Chair, TSO-DSO Platform
Member of Board of Directors E.DSO

Power Networks Innovation
is Key to turning the
European Green Deal
from promise into practice

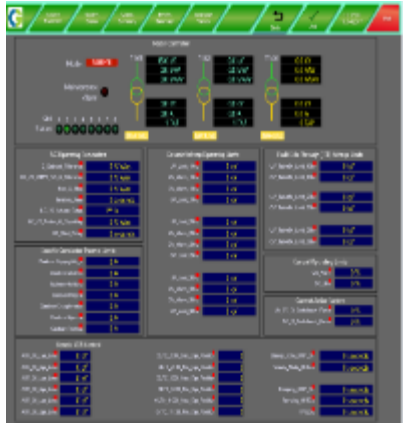

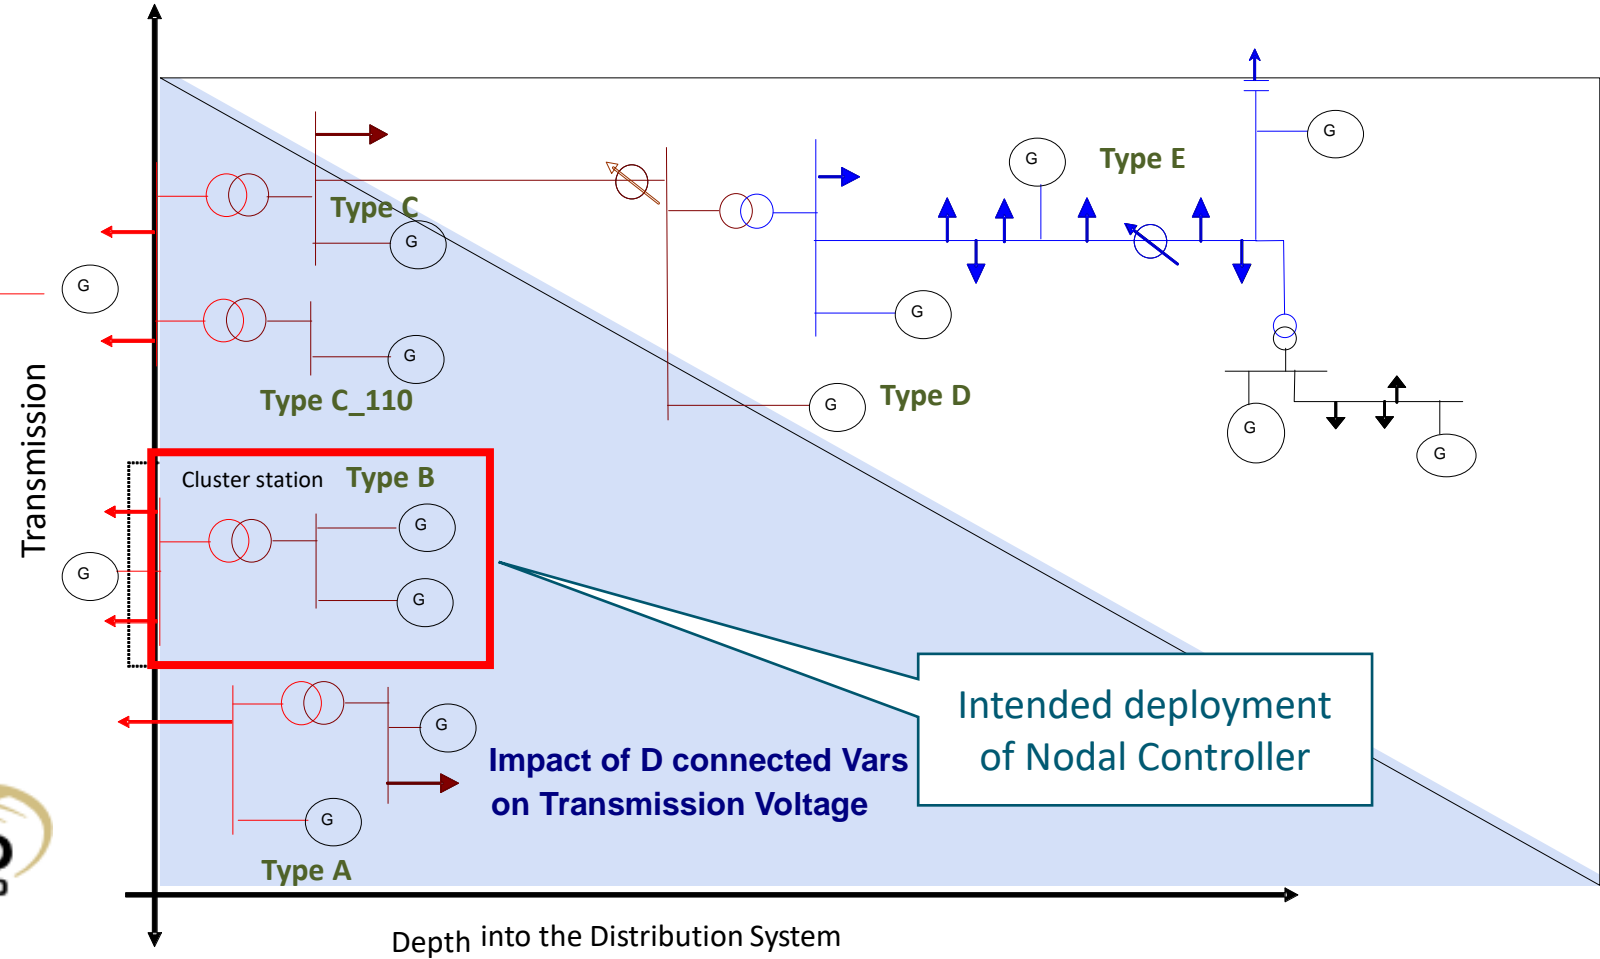

TSO-DSO Platform: Cooperation

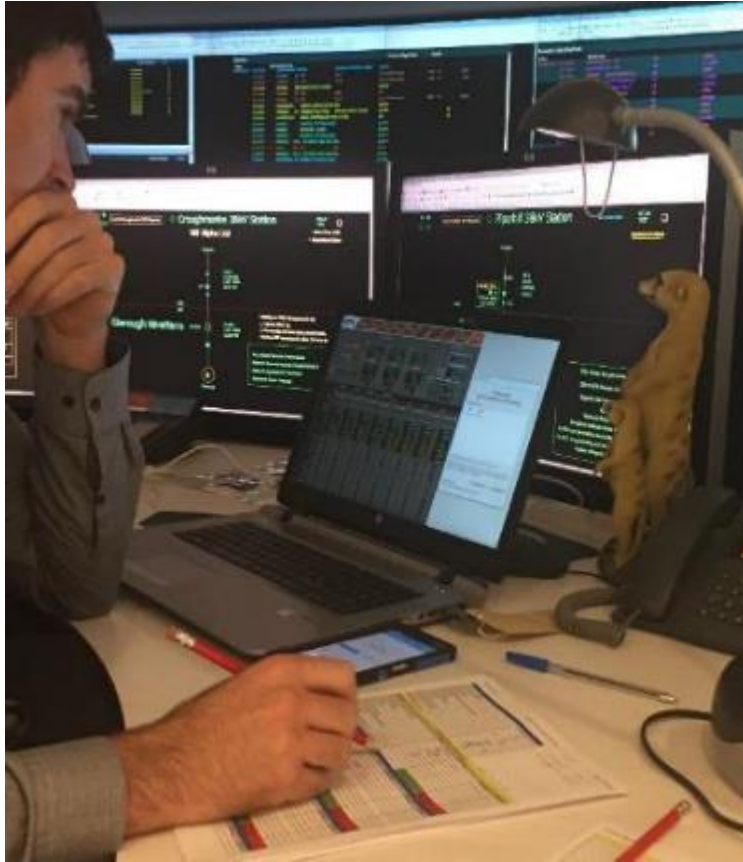

TSO-DSO Platform: Cooperation 2020

- Clean Energy Package:
 - DSOs and TSOs shall cooperate with each other...
 - in planning and operating their networks...
 - in order to achieve coordinated access to distributed generation, energy storage or demand response...
- Agreed TSO/DSO Work Programme:
 - Governance
 - Cybersecurity
 - Demand-side Response
 - Data Access and Interoperability
 - TYNDP Scenario Building
 - SMART Grid Indicators

Renewable Generators on Distribution System

Nodal Controller – Renewable Distribution Connected Generation

Innovation & cooperation by TSOs & DSOs

is central to achieving the green recovery goals
and leading the transition to a sustainable energy future...

and is key to turning the European Green Deal
from promise into practice
