Innovation in light of efficiency improvements

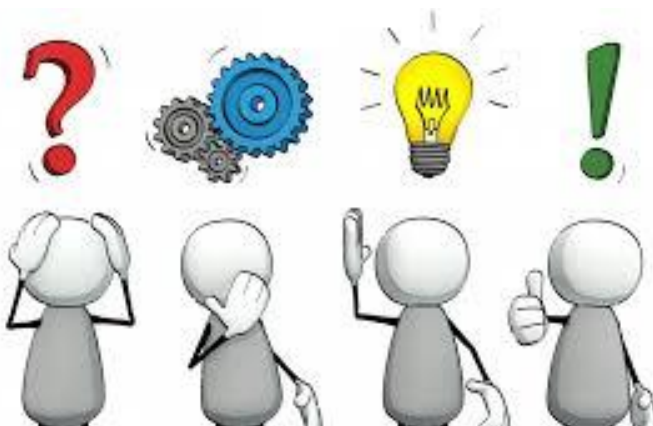

Jan Kostevc

ACER's electricity infrastructure team leader

30 June 2020

Innogrid2020+

- **Why should TSOs/DSOs be innovative?**

- **What should be the objective of TSO/DSO innovations?**

- **ACER and NRAs investigating best regulative practices**

- **Regulatory frameworks should not only allow, but also stimulate innovation!**
