**CONFERENCE ON
EUROPEAN SECURITY OF ELECTRICITY SUPPLY**

Brussels, 15 March 2005

**ING Belgique s.a. – Auditorium Jacques Thierry
Rue du Trône 1, 1000 Brussels**

INVITATION

Dear Sir,
Dear Madam,

ETSO - the Association of European Electricity Transmission System Operators, has the pleasure to invite you to the **Conference “European Security of Electricity Supply”**, organised in **Brussels on 15 March 2005**, in association with UCTE, NORDEL, UKTSOA and ATSOI.

This Conference should provide an important and pertinent opportunity for all interested parties to debate and exchange views on security of supply. Besides the emerging issue of generation adequacy across Europe in relation to transmission, this event will debate the challenges TSOs are facing in meeting the requirements of an increasingly liberalised and competitive market. Speakers will include representatives from the European Institutions, TSOs, regulators, electricity industry and consumers. The Conference is held in English and invitation will be extended to all parties concerned.

As you can see from the **Preliminary Draft Programme** herewith attached, the Conference will take place on 15 March 2005 at the ING Belgique s.a.-Auditorium Jacques Thierry (*Metro Station: Trône*) in Brussels from 9.00 a.m. to 5.30 p.m. **The Programme will be updated regularly on ETSO Website (www.ets-net.org).**

In case you intend to participate at this event, please complete the enclosed **Registration Form** and sent it back to Paola Testini (E-mail: paola.testini@ets-net.org - Fax. +32 .2. 741 86 29) **by 28 February 2005 at the latest**. We also enclose herewith the details of hotels where we have negotiated special rates for this particular occasion. Please make your hotel reservation directly referring to the ETSO event. Rooms can not be guaranteed after 14 February 2005.

Thanking you in advance for your cooperation, we remain at your disposal for any further information you may require.

Yours sincerely,

Ana AGUADO
Secretary General

European Transmission System Operators
Boulevard Saint-Michel, 15 - 1040 Brussels, Belgium
